SUMMARY

I am Ibad Mujahid, a highly skilled Developer with over three years of comprehensive experience in both frontend and backend development. Additionally, I am a graduate of the Diploma Program in Software Engineering from Aptech Learning Center. My expertise spans multiple technologies, and I am passionate about delivering high-quality, efficient, and scalable solutions. My work is backed by several certifications, and I have successfully contributed to numerous projects. Additionally, I have attended various seminars and workshops, continuously expanding my knowledge and staying updated with industry trends.
