WORK EXPERIENCE

Project-Based Experience

- Successfully completed 6 projects in total, demonstrating expertise in full-stack development.
- Participated in 3 global competitions, showcasing innovative solutions that gained recognition.
- Delivered 5 projects for various clients, focusing on quality and efficiency in development.
- Currently working on 1 ongoing project, applying the latest technologies to achieve client objectives.

PROJECTS

Art Vista:

- Developed using ASP.NET, Bootstrap, HTML, and CSS, this platform facilitates the buying and selling of artwork, including paintings and handcrafted items.

Explore Karachi:

- A comprehensive full-stack project developed using the MERN stack(MongoDB, Express.js, React.js, Node.js). This platform aggregates information on various Karachi locations, enabling users to explore the city with ease.
